HISTORY

Montauk Yacht Club has been part of the fabric of the East End since its original construction in 1928 by entrepreneurial urban developer Carl Fisher, who envisioned a playground for the social elite that frequented Montauk's shores. Originally existing as a private social club, the property's inaugural membership included names like Vincent Astor, J.P. Morgan, Edsel Ford, and Harold S. Vanderbilt, with guests like famed aviator Charles Lindbergh, who often flew his seaplane into the harbor to dock at the marina. In 2022, the property was acquired by Safe Harbor Marinas with the vision of bringing new life into the storied Yacht Club, initiating a new chapter for the historic property. In 2024, Proper Hospitality took management & operations, introducing its award-winning take on luxury lifestyle hospitality to the Hamptons.

ROOMS & HISTORIC COTTAGES

Across Montauk Yacht Club's spacious grounds, 107 guest rooms and historic cottages offer a window to the surrounding landscape, with rooms including a private balcony or patio—and views of Lake Montauk, the private beach, garden terrace, central courtyard, or the sprawling Great Lawn. Framing the marina and waterfront, airy guest rooms borrow inspiration from the relaxed sophistication of coastal living with light-filled interiors detailed with soft white woods and floor-to-ceiling glass doors. Select rooms lining the southeast perimeter are just steps from the sand, including private patios that open to a direct path to the beach.

On the property's north side, additional accommodations are located in the historic Ziegfeld Estate, a private, peaceful enclave of five free-standing cottages—each containing 3-9 guest rooms. Originally built in 1928 and included in the National Register of Historic Places, the Estate's recent renovation merges its original architectural charm with modern living, as well as prime access to the Great Lawn Pool, Great Lawn, and tennis courts. All guest rooms across the property include plush Chadfield Beautyrest Euro Top mattresses and well-appointed bathrooms feature walk-in showers, cozy bathrobes, and Aesop amenities.

EAT + DRINK

On-site dining at Montauk Yacht Club is anchored around the 4,500-square-foot flagship Ocean Club Montauk restaurant & bar. Led by award-winning South African Chef Jarad McCarroll and envisioned through a distinctly Montauk lens, Ocean Club's seasonal menus focus on just-caught seafood & crudo, Long Island's abundant local produce, and ingredients woodfired in the South African braai grilling tradition.

Across the indoor dining room & spacious outdoor patio, every Ocean Club seat offers a view of the stunning waterfront, with the coastal modern-inspired dining room centered around a dynamic open kitchen. Dedicated destinations for enjoying cocktails & boutique wines include a cozy waterfront bar and our lounge, with 180-degree marina views from the second floor patio. For casual daytime bites, The Market is a new all-day café and store featuring an evolving menu of to-go fare and gourmet provisions.
